

ART DICE

MAKE THEM

Cut out the art dice
Fold the edges to a crisp edge
Glue the dice together
Grab some drawing tools.

HOW TO PLAY

These are basic guidelines.
Feel free to riff off of this and invent your own game.

1. Each player starts with a piece of paper.
2. Players take turns rolling the dice. What comes up?
3. Each player interprets and draws what they see.
4. Decide how many times you'll roll the dice before sharing your pictures with each other.
5. Marvel at the similarities and differences between artworks

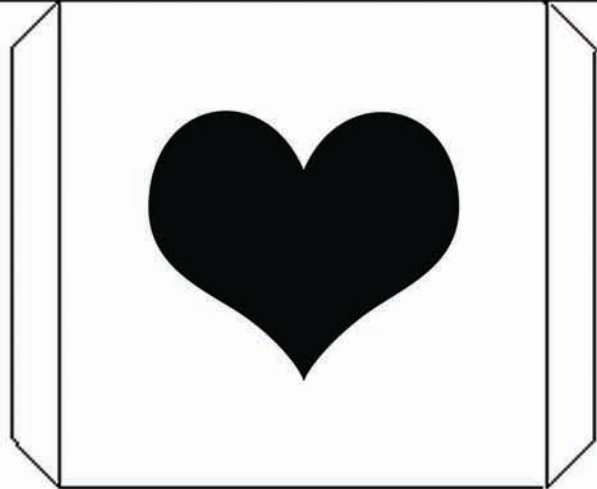

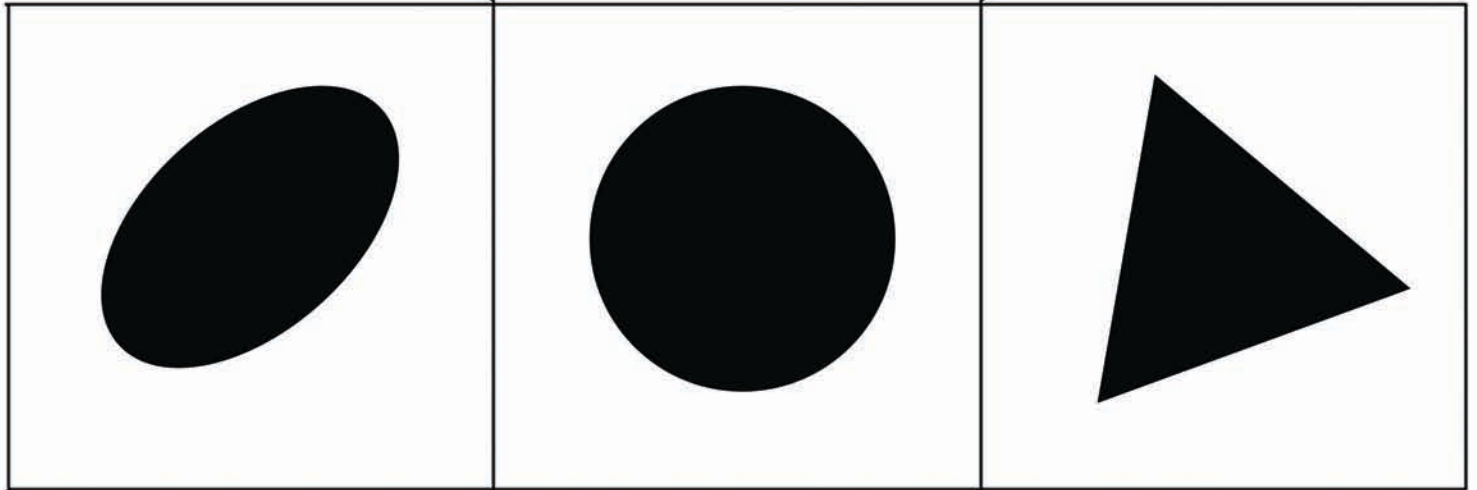

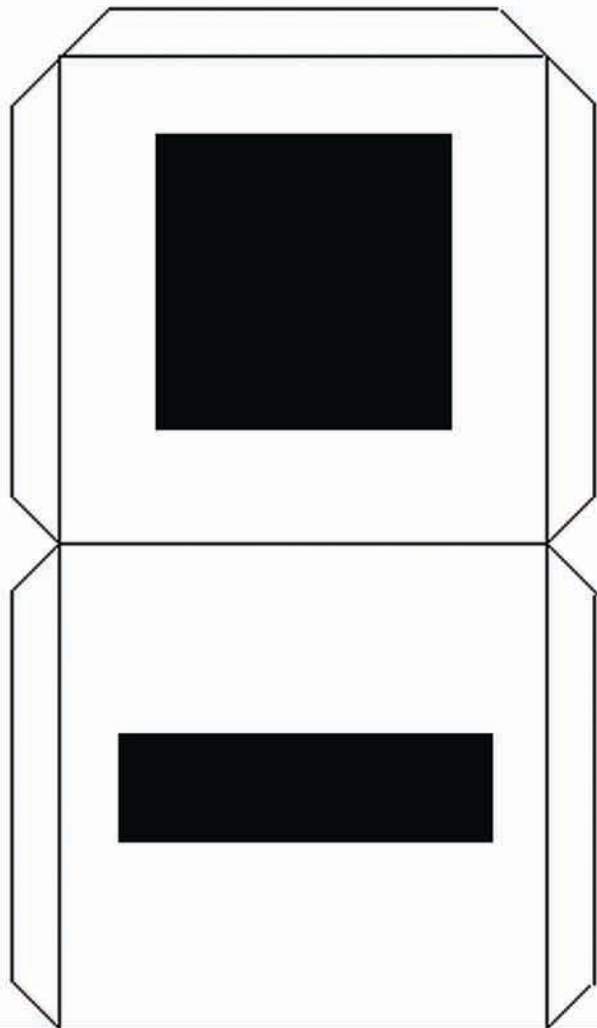

WHY THEY'RE COOL

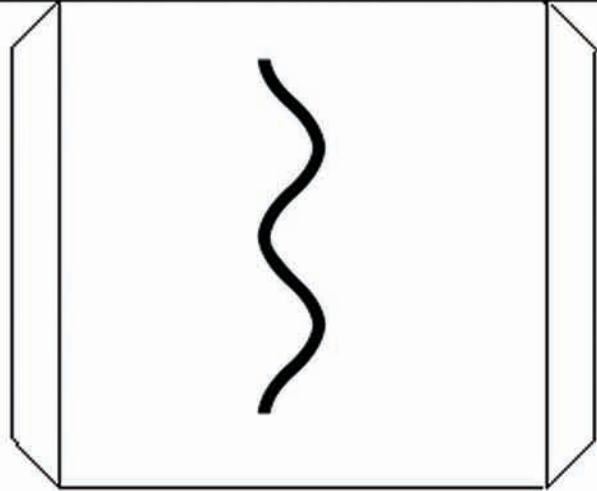

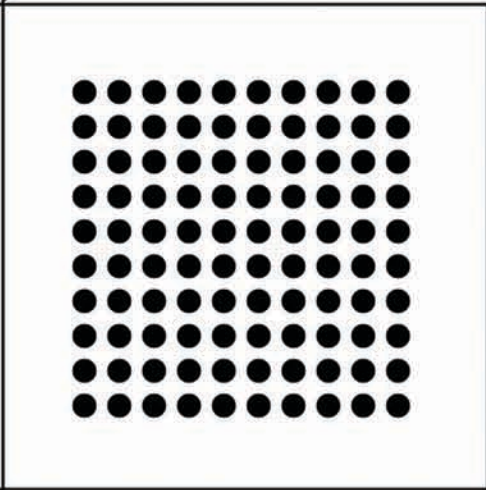

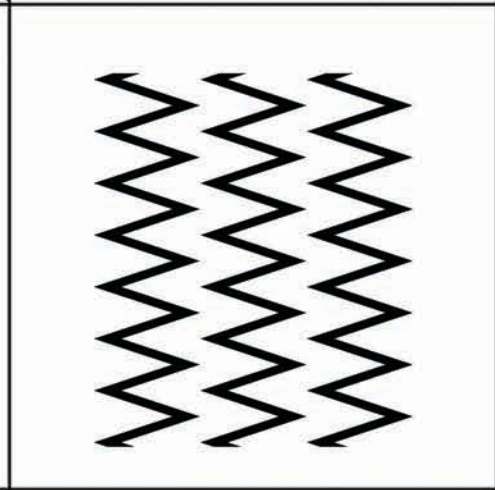

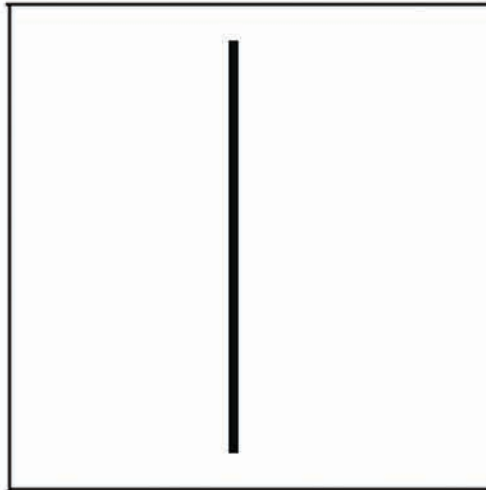

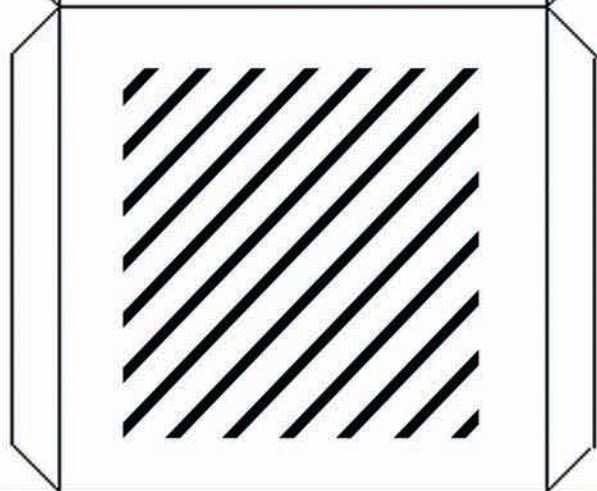

Art dice are a fun tool for creating randomly generated art. Every flip of a dice becomes an opportunity to explore **art vocabulary, drawing skills, color recognition, and shape identification**, to name a few

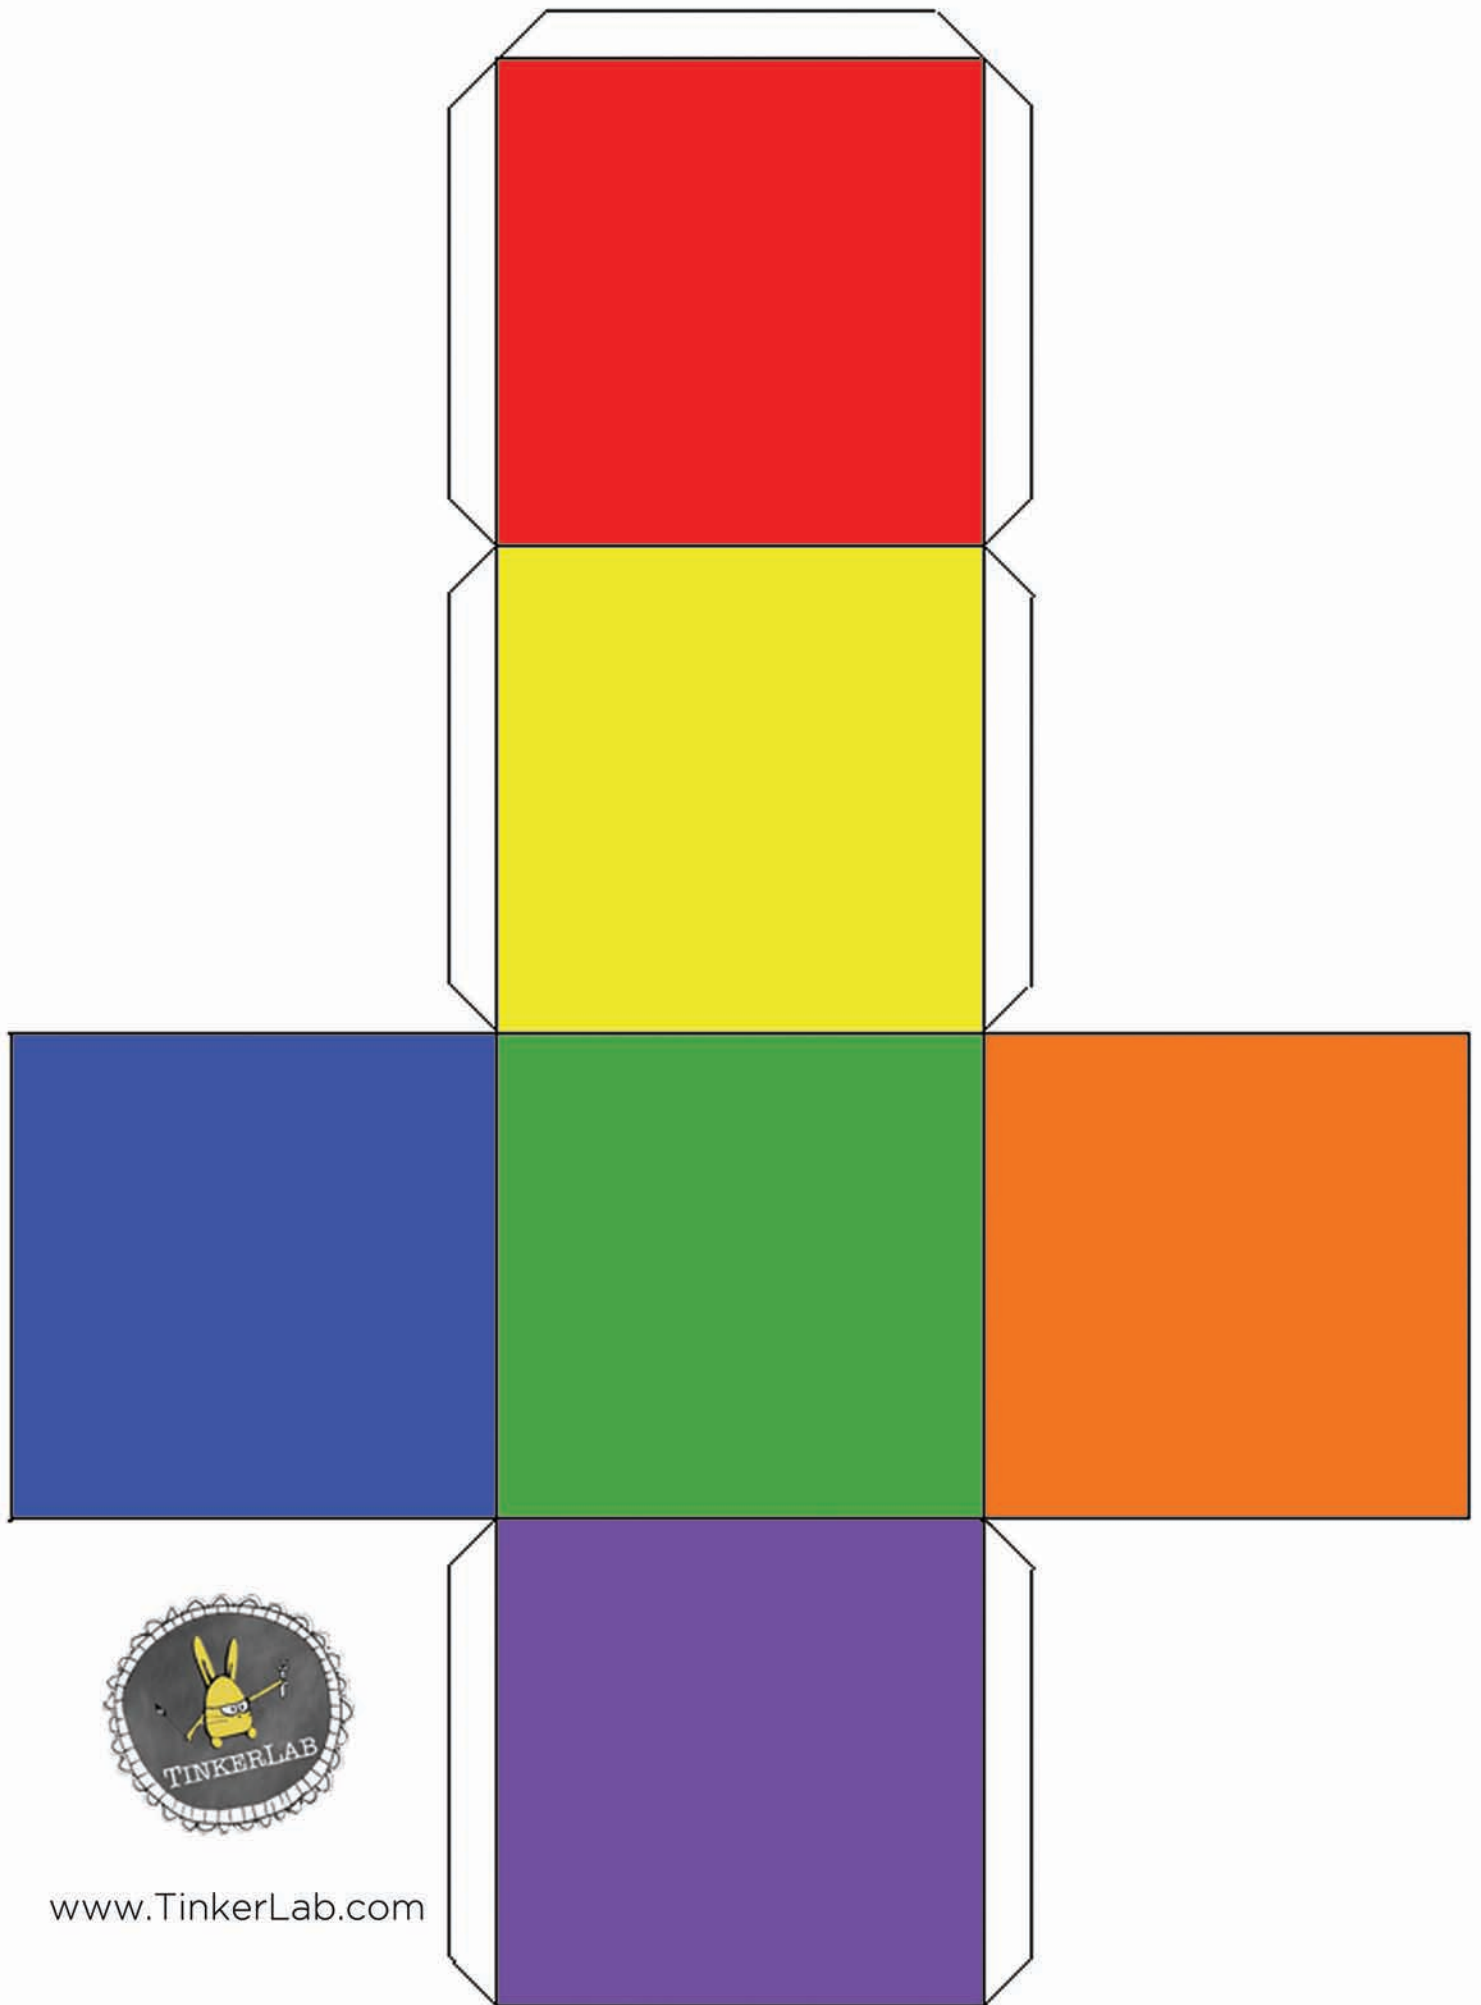

Art dice could be used to chase away writer's or artist's block: Simply roll the dice and draw or write about what pops up. Combine a few dice together and rise to the challenge of combining disparate ideas into a cohesive whole.
