

How To SET UP A TINKERLAB[®]

MAKE SPACE

Where does your family like to gather? Is there an area with washable floors or a sink? The kitchen table? Corner of dining room? Patio? Garage? Be creative!

ORGANIZE

Clear space and make room for creative supplies on a shelf, cart, or cabinet. Set up an area to store ongoing and completed work. Invest in containers to hold supplies.

STOCK SUPPLIES

Create a "self serve" area of supplies that your child can access independently.

SET THE STAGE

Clear space and arrange a provocation or "creative invitation."

INVITE TO CREATE

Invite your child to create. Ask open-ended questions. Consider joining in for a side-by-side maker session.

CELEBRATE

Celebrate the moment. Encourage imagination. Have a camera ready to document the creative journey and watch your child grow!
